

esgeCut FBB 2200

Multi-purpose cutting oil

esgeCut FBB 2200 is a multi-purpose oil, based on high-quality and low in aromatics raw materials. It can be used both as cutting oil and / or machine and hydraulic lubrication. It contains active ingredients to improve aging resistance and corrosion protection. Additional EP active ingredients lead to an increase in mechanical resilience and to an improvement in cutting performance during machining.

esgeCut FBB 2200 is low in fog which reduces the oil fogs load of the workplace. It is as well chlorine-free and heavy metal free. Preferred use as cutting oil on lathes and machines with several spindles.

esgeCut FBB 2200 guarantees excellent surface quality and accuracy combined with long tool life. Long term of use of the oil is possible, as no additives are discharged.

esgeCut FBB 2200 can be used for nonferrous and machining steel.

Technische Daten	Einheit	Prüfverfahren
Density at 15°C g/ml	0,85	DIN 51 757
Viscosity at 40°C mm ² /s	22	DIN 51 562
Flashpoint °C	> 190	DIN 51 376
